ABOUT CCLE

Clinical legal education is essential for the student community to develop professional skills and practical application of the law. CCLE has been established with a view to promoting diverse activities where interests are cultivated, attitudes are developed, skills are imparted, value clarification is provided, ethical decisions are made, and confidence and responsibility are experienced by the students in a clinical setting. The Centre not only aims to create and promote an environment conducive to clinic-based education but also to inculcate social, moral, and ethical values in the students.

ABOUT THE NATIONAL LAW FEST

Law Fest 2.0 is a hybrid event that offers a wide range of legal activities to advance law students' clinical abilities and practical knowledge. This series of events is being carried out at the university for the second time. The first National Law Fest was a huge success, drawing students from all across the country and exposing them to events like Moot Court, Crime Scene Investigation, Client Counselling, etc., giving both the competitors and the organisers of the event valuable experience.

The entire idea behind this event was to promote "for the students, by the students, from the students" culture.
